## Notts put the boot in

**There** was a time when conceding a run a ball was the domain of the T20 thrash. Not any more. Such is the progression and dominance of the batsmen in the game today that our best bowlers were going for over 7 an over. Another mammoth record score of 433 would have needed the Foxes to score at over 8.5 an over, every over for all 50. Whilst the rain break didn't help continuity it was always going to be a task too far.

**So where to now** for the Foxes. Well immediately there is the prospect of a trip to another Test Ground to face Lancashire at Old Trafford. Assuming the storm has blown itself out, we can but hope that it's a somewhat calmer day. With an ever growing number of Lancastrians in our squad we should not lack for motivation but I am afraid personal performance and pride is all that is left from the last meaningful RL50 competition.

Last years encounter was at Oakham school and proved a disappointing affair for the home side. Bowled out 172 Lancs Captain Liam Livingstone and Haseem Hameed make short work of chasing down the total and raced to the total off 25.5 overs losing only 1 wicket. Lets hope we can be more competitive this time, a battle of the Parkinson Twins is always something to savour

### Harry Dearden – Man on a mission

When Harry failed to score in the first 2 RLODC cup games at Headingley & Chester le Street you may have been forgiven for wondering if the decision to go in at the top of the order was the right one. However innings of 91, 36 & 74 and the manner of the run scoring has showed a wonderful clean hitting left hander who has taken the attack to the bowlers. It was a great disappointment that he could not find the final 9 runs against Worcs to get that much deserved maiden 100.

How fitting it would be if he could secure that Ton against the county of his birth at Old Trafford

Don't forget the Pakistan touring team are at Grace Rd on Wednesday for a T20 floodlit match starting at 6:30
